GEORGIA TECH SOLAR CENTER

August 18, 1980

FOCUS OF SEPTEMBER WORKSHOP

For Immediate Release

ATLANTA, GA....A Georgia Tech solar research center will be the focus of a Department of Energy workshop September 16-17 in Atlanta.

The Solar Energy Research Institute and Georgia Tech will sponsor an in-depth seminar on the capabilities of Tech's Advanced Components Test Facility, a center for solar energy experimentation placed here by the Department of Energy.

Topics for the workshop include experiences of previous users, questions of potential users, experiences with other solar test facilities and problems and recommended improvements for the solar center.

The workshop will convene at the Riviera Hyatt House. There will be a short tour of the DOE solar test site. Transportation to and from the Tech campus will be provided.

The registration fee of \$15 covers the cost of a banquet and various incident expenses. Registration forms and hotel reservation forms are available from Mr. J. N. Harris, Hinman Building, Engineering Experiment Station, Georgia Tech, Atlanta, Ga. 30332. Reservations must be received by 5 p.m. August 22.
